AMERICAN PIANO FORT ASSOCIATION.—CORRECTION. We desire to correct an error in the report of the first meeting of Association No. 1, published in this paper on the 4th ult. viz: \$2 monthly premium, paper fee of \$5 for immediate possession. Full particulars of the meeting were published in the *Tribune* and *Herald* of Friday, July 4, 1881. Second meeting, July 6, at the office of the Company, 250 Broadway, Room No. 5, at 7 o'clock precisely.

SUICIDE.—On Friday night an unknown man about 25 years of age, called at the lodging house No. 40 City Hall Place and put up for the night. The next morning he did not make his appearance at breakfast, and sometime afterward a person was dispatched to his room to call him; the door was found to be locked and no answer was returned to the person. A locksmith was called, and the door was opened, when the body of a man was found dead in the bed. A furnace which contained the body of a charcoal fire was found in the room. This furnace had taken there in his carpet bag. The cracks about the windows had been stopped up with rags, as was also the keyhole. The coroner was sent to hold an inquest, and the jury rendered a verdict of suicide, committed in the manner above described.

ANOTHER SUICIDE.—A Mrs. Stanley, residing in Broadway, committed suicide at her residence on Friday night, by opening a vein in her left arm. Deceased lost her husband by death about two months ago, and since that time she has lived a most melancholy life. She was about 40 years of age. A coroner's inquest was held on Saturday morning, and the jury rendered a verdict of suicide, committed in the manner above described.

ACCIDENTALLY DROWNED.—Francis Thompson, a lad 8 years of age, while bathing at the foot of Harrison st., N. R., on Saturday evening, was drowned. The body was recovered, and on which the coroner held an inquest. Verdict accordingly.

FATAL ACCIDENT.—An inquest was yesterday held at the City Hospital upon the body of an unknown man, who, on Saturday night, while intoxicated, fell in an area in Fulton st., and fractured his skull. The body was recovered, and on which the coroner held an inquest. Verdict accordingly.

ACCIDENTS.—A man named Pat O'Neil, residing at 222 Elizabeth st., while at work on a street car on Thursday night, was thrown from the car, and sustained a severe injury to the head. He was taken to the City Hospital, and died on Saturday morning. A coroner's inquest was held on Saturday morning, and the jury rendered a verdict of death, caused by the fall.

FIRE.—At 1 o'clock yesterday morning, Jones's Brewery in Sixth st. between Avenues B and C, took fire from the furnace in the cellar. The firemen were promptly on the spot and soon extinguished the flames. Loss trifling.

SUSPICION OF MURDER.—Early yesterday morning Joseph Connor, residing at 4 Hamilton st., was arrested on suspicion of having thrown James Willoughby into the dock foot market street, where it was stated the latter had been drowned. A colored man named Cotton Hilton, living at 120 Anthony st., told the plaintiff that he saw Connor throw Willoughby into the water, and made every effort to rescue him, but without success. Connor was taken before Justice Timpane yesterday morning, and held until 5 o'clock, when no testimony was given, and he was released. Hilton did not make his appearance before the Magistrate, and in all probability his story is false.

ARRESTS BY THE POLICE.—Charlotte Brown, an English woman about 21 years of age, was yesterday arrested charged with the murder of William H. Burns, residing at 4 Dey st. The property was taken on the person of accused, who was locked up for trial.

An Italian named Antonio Proulx was arrested yesterday on suspicion of the Lower Police Court charged with stealing \$400 in gold coin at Newark, N. J. He was sent back for trial.

John Mulvey was arrested on suspicion of having stolen a watch and chain valued at \$25, and a silver watch and chain valued at \$15, the property of Catharine Gray. He was held for examination.

Geo. Smith, a Hamilton and Henry Conn, was arrested on a charge of burglary in entering the dwelling of Chas. Augustus, 201 Water st., and stealing therefrom a clock and two deacons. The accused were committed for trial.

John Keating was arrested on a charge of stabbing William N. Smith in the forehead with a knife, inflicting a dangerous wound. He was committed to answer the charge.

James Sudders was arrested by officer McGuire, who caught him in the act of drinking from one of the street. He made a desperate resistance, and when secured, said that he regretted not having a pistol with him to blow out the officer's brains. He was held for examination.

HOUSE ROBBERY.—The dwelling of Mr. Brown, No. 59 Orchard st., was entered early yesterday morning, and robbed of \$38.30. The burglar escaped.

RESCUED FROM DROWNING.—Yesterday afternoon an elderly man jumped overboard from the Barge Office Pier, and was rescued from the water by Mr. McLaughlin, one of the Water Police. His son was with him at the time, and jumped overboard to assist him, and succeeded in supporting him until rescued by Mr. McLaughlin.

BROOKLYN ITEMS.

DESTRUCTIVE FIRE.—About 2 o'clock on Saturday morning a destructive fire broke out in the basement of one of the houses in a row called "Clarke's Buildings," in Kelsey's Alley, lying between Pacific and Amity streets, and spread so rapidly that three of the houses were completely gutted, but through the untiring exertions of the firemen, who labored for three hours, the further progress of the flames was checked. The houses were of brick, three stories high, and occupied by at least 30 families who are thus rendered homeless, but fortunately most of their furniture was saved. The buildings were owned by Mr. Clarke, who is fully insured.

Another fire occurred the same night in the house of Mr. D. J. Arnold, No. 73 Cranberry st., in a room occupied by Mr. Thayer, who, assisted by officer Squires, succeeded in extinguishing it, but in his efforts his hair and whiskers were burnt off and his face much scorched.

OUTRAGE.—On Friday night last a respectable married woman while walking in Flatbush, near Dean st., was grossly insulted by a party of six ruffians, who attempted to violate her person, and were only prevented by the interference of a gentleman who had been attracted by her screams, and who assisted her into his carriage and conveyed her to her residence. None of the perpetrators of this act can be identified.

THE BROOKLYN CITY GUARDS.—Under command of Capt. J. M. Olney, celebrated the Anniversary at Glen Cove, and the Continental Guards, Lieut. B. G. Edmonds, at New-Haven, where their gallant appearance attracted great admiration.

LONG ISLAND RAILROAD.—It is the determination of this Company to refuse submission to the late ordinances of the Common Council, prohibiting the use of steam through the city, inasmuch as the charter of the Company is older than that of the city, and they will run their cars as usual.

THE WILLIAMSBURG MURDER.—Lawrence Riley, charged with the murder of his wife, Anne Riley, his mother-in-law Mrs. Gilbert, besides an assault with intent to kill on Elizabeth Conroy, was brought up on Thursday for preliminary examination at the County Jail in Raymond st. H. B. Duran, District Attorney, attended on behalf of the people, and Judge Deane and Alex. McCue, Esq., on that of the prisoner. The evidence was only a repetition of that already published, and the prisoner was fully committed for trial at the September term of the Court of Oyer and Terminer. He appeared much affected and deplores the crimes to which his rash fury impelled him. Miss Conroy is recovering rapidly.

AN assault was committed on the Hon. D. A. Booke sometime after the delivery of his oration on Friday. He was struck on the head by a man named Thomas Prested, against whom a warrant has been issued.

Disruptive Fire at Troy.

A fire broke out about 11 o'clock last night, in Feltows & Corp's planing mill, which was totally destroyed, together with large quantities of lumber belonging to C. W. T. H. The loss on lumber is estimated at about \$20,000. The amount of insurance has not yet been ascertained. The fire is supposed to be the work of an incendiary, as the planing machine had been running since Thursday last. The mill was situated so near the freight depot in the south part of the city as to prevent the firemen from bringing their engines well to bear upon it.

Jenny Lind at Hartford—Great Excitement.

Jenny Lind's concert came off at Fourth Church last evening. The tickets were run up by speculators to \$5 and \$10 each. The audience nevertheless filled the Church, and a crowd of 200 people who could not get in, assembled around the building. The windows and blinds of the Church were closed so as to prevent the outsiders from hearing—this caused a great tumult—and the mob shouted and cheered till the audience was driven into the street. Several windows were smashed and one or two knock downs occurred in the crowd which did not dissipate for an hour after the concert closed. Jenny Lind and her party were driven to the residence of the Rev. Mr. Jones, and the mob was dispersed. There is still much excitement, and while I write there is a crowd of 100 or more opposite the State House denouncing the swindling operation. The mob last night was so dense about the Church that Jenny was smothered by the mob, and soon as the concert closed, and took the cars for Springfield.

A great fire took place at London Bridge on Monday afternoon, June 23. Several warehouses were destroyed. Loss \$75,000. Part of the shaft of the North Side Colliery near Bristol gave way. The shaft was 135 fathoms deep, and forty-one persons were immured by the mass of matter which came down. Fortunately, they were all rescued, and no one killed. The cause of the accident was a small fire in the shaft, which was extinguished in 24 hours, nearly dead from hunger and the foulness of the air.
